

Mandates on States & Premium Increases for All?

A Snapshot of Impact of Providing Cancer Patients Affordable Access to Oral Anticancer Treatments

STATE	YEAR PARITY LAW ENACTED OR PENDING LEGISLATION	REVIEWED AS MANDATE & FOR FISCAL IMPACT BY POLICYMAKERS	OUTCOME OF REVIEW
California	January 1, 2015	Analysis conducted by California Health Benefits Review Program.	Analysis found a negligible increase in premiums of .00144%.
Colorado	January 1, 2011	An official study was not conducted by the Division of Insurance (DOI), but DOI did respond to an inquiry from a Tennessee legislator, regarding premium increases since enactment of parity law.	In response to the TN legislator, CO Comm. of Insurance stated, "Because of the extent of changes to state and federal law, affecting health insurance premiums and cost sharing, we cannot attribute any change due to this specific provision."
Connecticut	January 1, 2011	Official study not conducted by the CT Insurance Department, but department did respond to an inquiry from a TN legislator, regarding premium increases since enactment of parity law.	In response to the TN legislator, CT Insurance Department Counsel, N. Beth Cook states, "while [health] plans raised concerns during the legislative process, once the law was enacted, we have not had concerns raised."
Illinois	January 1, 2012	An official study was not conducted by the Illinois Department of Insurance, but the department did respond to an inquiry from a Tennessee legislator, regarding premium increases since enactment of parity law.	Q: "Have any health plans raised specific concerns about the oral chemotherapy parity requirement and/or claimed that the new requirement has resulted in an increase in health insurance premiums?" A: "Yes; but that has been a standard defense against any new mandates. To date, such claims have not been supported by actual rate increases."
